Last date for substitutions: 02/04/2010

Veterinary Inspection: 01/04/2010 5 pm
Draw for the order of starting: 01/04/2010 6 pm

EQUINE INFLUENZA VACCINATION, VET. REGS. ANNEX VII

All horses and ponies for which an FEI Passport, or a National Passport approved by the FEI has been issued, must have the vaccination section endorsed by a veterinarian, stating that it has received two injections for primary vaccination against equine influenza, given between 1 and 3 months apart. In addition, a booster injection must be recorded as having been given within each succeeding 6 months, subsequent to the second injection of the primary vaccination. None of these injections must have been given within the preceding 7 days including the day of the competition or of entry into the competition stables.

The above are the minimum requirements for influenza vaccination. Both primary and first and subsequent booster injections should be given according to the manufacturer's instructions which will fall within the stipulation of the FEI ruling.

By my signature below, I have read and understand the terms and conditions of the entry into this event and agree to abide by the terms and conditions of the schedule.
